

BOA JANG

Professional Profile

Highly motivated and results-driven Bioengineering master's student, with a strong passion for exploring the intersection of cutting-edge technology and healthcare. Seeking to improve my leverage on academics, research experience, and skill set specifically in artificial intelligence using medical images. With a strong interest to contribute to the real world with innovative solutions, that improve diagnostics, patient outcomes, and revolutionizing the medical industry.

Ph.D. Student

Interdisciplinary Program in Bioengineering

Education

Seoul National University/ Integrated M.S./Ph.D. student

Mar. 2023 – Present (Seoul, Korea)

Interdisciplinary Program in Bioengineering

- Advisor: Prof. Jin-Wook Choi (jinchoi@snu.ac.kr)

Peking University / B.S.

Sep. 2016 – Jul. 2020 (Beijing, China)

School of Psychological and Cognitive Sciences

- Academic Achievement Scholarship (2018 – 2019)
- Graduation Thesis: "Effects of Post-Encoding Intention on Memory Consolidation of Different Stimulus Types"

Work Experience

Seoul National University Hospital (SNUH)

Researcher (Nov. 2021 – Feb.2023)

Convergence research for ophthalmology & psychiatry using deep learning and machine learning.

- Advisor: Prof. Young-Gon Kim (younggon2.kim@gmail.com)
- Deep learning research for ophthalmology
- Deep learning research for psychiatry
- Machine learning research for Pulmonary

Korea Institute of Science and Technology (KIST)

Intern researcher in Brain Science Institute (BSI) (Aug. 2020 – May. 2021)

Understanding brain synaptic circuitry and molecular/cellular mechanisms of synaptic function using cutting-edge optogenetic, imaging, electrophysiology, and molecular biology techniques

- Advisor: Ph.D. Soo-Young Chung (sooyoung@kist.re.kr)
- Research for functional connections of brain
- Research for brain mechanism and synaptic circuitry

Laboratory of Neuroscience in Peking University (PKU)

Undergraduate research student (Mar. 2019 – Jun. 2020)

- Advisor: Prof. Jiongjiong Yang (yangjj@pku.edu.cn)
- Research for cognitive and memory

HONORS & AWARDS

[a.8] **2025 Spring Conference of The Korean Society of Medical Informatics (KOSMI) Best Paper Award.** Jun. 2025

[a.7] Healthcare AI Learning Platform, HeLP Challenge 2023, **Theme 6, 2nd Place Award.** Dec. 2023

[a.6] Healthcare AI Learning Platform, HeLP Challenge 2023, **Theme 4, 2nd Place Award.** Dec. 2023

[a.5] **2023 Autumn Conference of The Korean Society of Medical Informatics (KOSMI) Best Paper Award.** Nov. 2023

[a.4] Digital Pathology AI Hackathon, CODiPAI Challenge, **3rd Place Award.** Oct. 2023

[a.3] **The 2023 Annual Meeting of the American Society of Retina Specialists (ASRS) Poster Award Winner.** Jul. 2023

[a.2] 2023 Spring Conference of The Korean Society of Medical Informatics (KOSMI) Best Paper Award. Jun. 2023

[a.1] SNUAIMED Excellence Scholarship. Aug. 2023
